## TEA IS NEWBY'S PASSION, ART, SCIENCE, HISTORY, LEGACY, LIFE

In the history of mankind, tea has enjoyed a position of culture, grandeur and glory for thousands of years. Unfortunately, industrialization of trade in the 20th century was accompanied by the loss of a large part of the rich culture of tea, because major brands invest in quantity for the sake of quality.

In order to re-introduce quality teas to the market and revive the grandeur of the culture, Newby Teas was founded in London around the change of the century, with the mission of obtaining, mixing, preserving and serving the world's most delicate teas.

## CHARITY

Newby Teas is largely owned by the N. Sethia Foundation, a non-profit, registered in the United Kingdom charity fund, that supports unique projects on education, medicine and social well-being, both within the United Kingdom and abroad.

To return something to the society is in the view of Newby Teas an essential obligation that they meet with close care and joy. Through the foundation they have contributed to various projects, including the Chitra Sethia Centre for Robotic and Minimal Access Surgery, the Chitra Sethia Autism Centre and the Sona Devi Sethia PG Girl's College.
